Hawai'i

Dear Ms. Celeste Connors,

## **Fiji's Participation in Local2030 Island Network**

I am pleased to confirm that Fiji supports the Four Principles of the Local2030 Islands Network:

- i. Identify local goals to advance the SDGs and strengthen long-term political leadership on climate resilience and net-zero emissions pathways;
- ii. Strengthen public-private partnerships that support diverse stakeholders in integrating sustainability priorities into policy and planning;
- iii. Measure SDG progress through tracking and reporting on locally and culturally informed indicators; and
- iv. Implement concrete initiatives that build island resilience and a circular economy through locally appropriate solutions, particularly at the water-energy-food nexus.

With this communication, we express our intent to implement these principles and we are committed to engaging in collaborative island projects which advance the local implementation of the Sustainable Development Goals.

Mr. Andrew Coriakula - the SDG Specialist, will be the Focal point from Fiji for the Local 2030 Island Network. Our top priorities of collaboration with the Local2030 Islands Network are:

- i. Fostering Public- Private Partnerships
- ii. Localized SDG Goals
- iii. Measureable Progress

We look forward to collaborating with the Local 2030 Island Network. Please contact Mr. Andrew Coriakula on [andrew.coriakula@economy.gov.fj](mailto:andrew.coriakula@economy.gov.fj) via email to implement Fiji's participation.

Thank You.

Yours sincerely
